SUNSHINE CLUB - MEETING IN THE PARK

Calgary Pace Setters work hard and party even harder! After one year that lasted forever, tired of Zoom meetings, our members are safely enjoying the fresh air in Fish Creek Park. How marvelous it is to get out of the PJs and shake hands or bump elbows and moreover hear laughter and applause.

They say "a picture is worth a thousand words." You be the judge of that!

NEWSLETTER

SUMMER, 2021

Fellow Pace Setters,

It is my pleasure to welcome all of you back to weekly meetings this September. The summer **Sunshine Club** meetings were a major success, and it was awesome to see everyone face to face again. The other executives and I are eager and excited to be serving this fabulous club for the upcoming season. Ever since I joined this tremendous group of individuals, I have heard many touching and inspiring stories and learned so much from the example that other members have set. Now, we are here to continue that tradition. Our vision at **Calgary Pace Setters** is to work towards the continued growth and excellence of the club, all its members, both new and old, and the guests who visit us.

Our **action plan** includes an emphasis on **mentorship** to grant members the support, feedback, and flexibility they need to complete their pathway objectives. Advanced members will be encouraged to set an example and use **speeches** to help new members understand how meetings are conducted. All members will be able to **learn different meeting roles** and how to conduct them so they can learn new skills, enhance their strengths and step out of their comfort zone.

Our executives plan to continue building upon the great strides that were made on the social media front by **adding LinkedIn** where members can **endorse each other's skills** and reach out to other like-minded individuals. **Speeches** may be filmed and **posted as articles** on LinkedIn to show other professionals what we are all about as a club.

These are just few of the aspects of our vision that we have for **Calgary Pace Setters** in the coming year. We aim to offer a safe, comfortable place where members from all walks of life can congregate, **help one another, challenge one another, and learn from one another**. As one of our newest, yet most passionate, members once said, Calgary Pace Setters is like Hotel California. You can check in at any time, but you will never want to leave.

Regards,

Carson Puetz
Club President
